CREATING COMMUNITY THROUGH PEOPLE, PARKS, AND PROGRAMS

Camp Inferno

CAMP INFERNO is an adventure immersion program allowing participants to experience a day in the life of elite women in fire and life-safety services. For the past five years, the Fire Department has been a host of this program. Every year, we make changes to the Camp which will provide new experiences to the young ladies attending. This year, the Fire Department is partnering with Yuma Parks and Recreation in an effort to obtain more community participation.

The goal of the program remains the same as we strive to provide an opportunity for young ladies to challenge themselves not only physically, but also mentally, in real-life firefighting tasks. Among the activities to be experienced at Camp Inferno will be participation in putting out a controlled burn, using a fire extinguisher properly, repelling and receiving instruction on Hands Only-CPR. In addition, participants will have an opportunity to talk with public safety career females about their non-traditional profession for women.

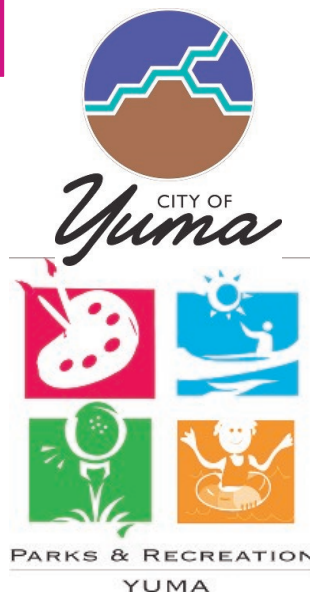

Open to all GIRLS, ages 14 to 18. Download a registration packet online at yumaaz.gov/parksandrec. Limited space available. Contact Marilyn Lammel, Recreation Program Supervisor at 373-5200 Ruth Gloria, Fire Admin at 373-4853 for more information.

PARK MAINTENANCE - DOG PARK

Your dog needs playtime, exercise, and to socialize with other dogs. Our Bark Park is the perfect place to do just that! The Bark Park located at 1705 E. Palo Verde is open from dawn til dusk, seven days a week, and only closes for a short time on Tuesday mornings for maintenance.

We love providing a play space for your furry friends, however, we need your help to keep the park in tip top shape! Please remember to observe all of the park's rules. If your pup is on the aggressive side, we kindly ask that you do not bring he/she to the park. This makes for an uncomfortable situation with other dogs and their people. We also ask that you remember to 'scoop the poop'! It is common courtesy to pick up after your pet.

This 3.35 acre dog park features a double gated entry, benches, shaded areas, a water fountain and waste disposal stations. Dogs must be healthy, sociable, current on all vaccinations, licensed with tags on collar, and under their owner's control at all times. Owner must keep them leashed when not in designated off-leash areas.

A lot of what determines whether you hit a good or bad shot happens at address. The simplest thing is ball position. If you get the ball in the right spot, good things tend to fall into place.

I like keeping the ball in the same position for all clubs on standard full shots. Start with the driver: Play it in line with your shirt logo, and drop your right foot away from the target in a wide stance. This sets up an upward strike.

For a middle iron, don't move your right foot out as wide and keep the

ball in the same place relative to your front foot. This narrower stance puts you more on top of the ball so you can hit down on it.

When you get to the wedges, the stance is the narrowest and you even lean a bit toward the target at address. From there, you can really hit down and rip a divot after impact.

In short, it's about how wide the right foot goes. That sets the relationship of the body to the ball—but the ball doesn't move.
